Re: Application by Verizon for Authorization To Provide In-Region, InterLATA
Services in State of Virginia, WC Docket No. 02-214

Dear Ms. Dortch:

At the request of Staff, AT&T Corp. ("AT&T") submits the workpapers for the Reply Declaration of Michael R. Baranowski, filed by AT&T on September 12, 2002. The workpapers, contained in CD-ROM format, support the analysis of Virginia switch usage over-recovery set forth in paragraphs 3-8 of the Declaration, which show that Verizon's switching usage rate in Virginia will allow Verizon to recover more than *twice* its initial switching usage investment over the amortized life of the equipment.

AT&T is submitting this material under seal. It is designated as confidential pursuant to the Protective Order in this proceeding. Please let me know if any additional information is required.

Sincerely,

A handwritten signature in cursive script that reads "Amy L. Alvarez".
